FLOORING SOLUTIONS

2025/2026

About us

We are a manufacturer of carpet runners, a wholesaler of floor coverings, and a distributor of leading flooring brands. For 27 years, we have been providing our customers with top-quality products that combine durability, aesthetics, and modern technology — serving both individual and business clients.

Our mission

Our goal is to provide comprehensive flooring solutions that meet aesthetic, functional, and technological expectations. We ensure that our products align with current design trends while remaining durable and comfortable for everyday use.

What we do best

Carpet runners – we design them with passion, drawing inspiration from nature, geometry, and global trends. Thanks to the highest quality materials, our runners are durable, comfortable, and visually unique.

Why choose us?

We offer a wide selection of carpet runners in various widths and colors, allowing them to be perfectly suited to any interior. As a manufacturer, we sell products both in full rolls and — for our partners — through the **CUT SERVICE** system.

What is the **CUT SERVICE**?

We offer carpets, runners, and PVC flooring precisely cut to the customer's dimensions. With our service, you gain:

- perfect material fit,
- time and installation cost savings,
- a wide selection of colors, textures, and thicknesses,
- professional advice and support.

We serve individual customers as well as companies, offices, and institutions.

Our offerings

□ Carpet runners

Perfect for hallways, staircases, and living spaces. Available in a wide variety of patterns and colors.

□ LVT (Luxury Vinyl Tiles)

Glue-down – durable and elegant solution for high-traffic interiors.

Click (lock) system – quick installation and a polished finish, suitable for both homes and commercial spaces. Available in residential and commercial versions.

□ Carpet tiles

Designed for offices, hotels, and commercial spaces. Resistant to heavy use, easy to install and replace.

□ Carpet Flooring

Commercial / Hotel Quality – durable, aesthetically pleasing, and practical. Ideal for demanding spaces such as hotels, offices, conference rooms, or educational facilities. Residential – easy to maintain, comfortable, and modern.

□ PVC Flooring

Residential – comfortable, stylish, and low-maintenance.

Commercial – wear-resistant, perfect for schools, offices, clinics, and other public spaces.

□ Artificial Grass

A modern solution for terraces, balconies, gardens, and event spaces. Durable, attractive, and easy to maintain.
